

## **CONTINUOUS PROFESSIONAL DEVELOPMENT (CPD)**

### **OVERSEAS COURSES**

At present the Council is not in a position to monitor overseas courses which are submitted by course providers and is therefore not in a position to accredit courses for CPD held outside the United Kingdom and Northern Ireland. The Council is currently looking at how such accreditation of courses submitted by overseas course providers might be achieved.

However, in the meantime, dispensers can submit course information on an individual basis for individual accreditation.
