

REMOVAL FROM THE REGISTERS SINCE 1st APRIL 2008

Below are the names of individuals removed during 2008-9 from the register of hearing aid dispensers and the names of organisations removed from the register of employers. The registers are maintained by the Council as required by the Hearing Aid Council Act 1968 (as amended).

Individuals and employers can be removed from the register for a number of reasons:

- Registrants can apply to have their name removed, for instance because they are retiring or changing profession. This is known as *voluntary removal*. Registered employers that cease trading are also recorded in this category.
- The Council removes registrants if they do not pay their annual retention fee on time.
- Where a dispenser passes away their details are removed from the register.
- If the Council's Disciplinary Committee has decided a registrant be struck from the register or suspended from the register for serious misconduct.
